

Statement of Petition for Repeal of Firelands' Masking Policies

To Whom It May Concern,

I, _____, voluntarily assert my support for the repeal of Firelands' current Covid-19 masking policies at the Lee C. Jewett Sports Medicine Center Physical & Occupational Therapy center. On the basis of sound science, reasoning, or moral considerations, I petition for myself and others, including the employees, to be able to attend the Firelands physical therapy facility and its various treatment programs, such as the Rock Steady boxing class, without requirement at any point in time for masks to be worn in reference to Covid-19, nor any other common pathogen spread seasonally. I petition for this so that the patients and staff of Firelands Health systems may be able to participate in medical treatments with the fullness of medical professionalism, scientific and moral integrity, and human dignity, which are discussed within the material provided with the submission of this letter, entitled "Objections to Current Firelands' Covid-19 Masking Policies".

My signing of this letter is not to be regarded as an endorsement of all argumentation presented in the material provided with its submission, entitled "Objections to Current Firelands' Covid-19 Masking Policies"; I acknowledge my disagreement with Firelands' current mask policies for reasons held personally and privately to me, which are in accordance with the sound nature of science, reason, and the moral nature of things; reasons which may or may not have been informed through the provided material.

I am (circle one): [Firelands' patient , Family member , Firelands' employee]

Signed: _____

Date: _____

Non Binding. This letter does not create a binding agreement between any of the parties involved in its drafting, dissemination, signing, or use. Signatories may rescind their support of the petition at any time, either through verbal or written communications.
